

Allen Finney - Picture Window

- album release September 30, 2021 -

Featuring his deep, dark voice, soaked and smoked by thousands of gigs, from pubs to concert halls to biker bars from California to Kiruna, here is *Picture Window*, Allen Finney's new album. It's a collection of original, true grit songs, wrapped in producer Robert Ivansson's fine arrangements.

"This album is the third in a series of recordings produced by Robert Ivansson. I wanted to do a third one, because it felt necessary. As a balance. Like a three-legged stool, a triangle, a three part harmony, a waltz...

The next one will be different. We don't know how yet, but we're already thinking about it.

This recording, the playing: Sebastian's guitar work, Ted's piano, Roberts bass, and Max on Take a Little Walk. And all of the others. I'm awed and grateful for this Trilogy; Salt Breeze With Kites, In a Blue Frame, Picture Window. Thanks to everyone who was involved, especially Robert! (Allen Finney, August 2021)
